Descriptions

Templer Park Country Club

Set amidst the evergreen Templer Park Forest Reserve and under the backdrop of the majestic Bukit Takun limestone hill, Templer Park Country Club ranks as one of the most scenic and challenging golf experiences in Malaysia.

Having been one of the earliest golf courses to open in that decade, Templer Park Country Club went on to score many firsts - it was the first Japanese-owned and managed golf club; the first to offer buggies and lady caddies in the country and holds the distinction of debuting the concept of night golfing with nine holes lighted after dark.

Recognizing the need to stay ahead of its competitors, the club underwent a massive upgrading exercise in 2008 - with significant improvements being made to the fairways and bunkers as well as the introduction of new Satiri greens on all 18 holes.

The distinctly Japanese-styled clubhouse itself received a make-over in 2013 with new contemporary changing rooms as well as the addition of meeting and seminar rooms to its existing list of well-maintained facilities.

At Templer Park Country Club, we pride ourselves on delivering a golfing experience second to none, ensuring memories that will last a lifetime.

Our facilities include:

- > 18-hole Championship Golf Course with latest club car electric buggies
- > Driving Range and Short-Game Practice Facility
- > Golf Academy
- > Changing Rooms
- > Hot/Cold Jacuzzi and Sauna
- > Pro Shop
- > Surau
- > Restaurant & Bar with Japanese, Western and Local kitchen
- > Meeting & Seminar Rooms

Located conveniently just off the Kuala Lumpur- Rawang highway, the club is easily accessible - a mere 45-minute drive from most places in the Klang Valley and as close as 25 minutes from the Kuala Lumpur CBD.

Golf rates for the Weekday's Golf Package

RM200.00 Nett Per Pax
