Descriptions

Explore a Chinatown like no other and be enchanted with the hustle and bustle as old meets new and historic buildings and local street vendors sit alongside bold new bars and restaurants. Four Points by Sheraton Kuala Lumpur Chinatown is a sleek addition to the neighbourhood with a short walk to Pasar Seni MRT and LRT for easy access to the rest of Kuala Lumpur. Inspired by the local area, exposed raw bricks, warm wood and traditional jade hued tiles adorn the arrival lobby while breathtaking panoramic views of the city await at the reception. After a full day, relax at the outdoor splash pool, hit the gym or grab a handcrafted cocktail at the chinoiserie styled Jann and enjoy sweeping views of the Kuala Lumpur skyline. Hungry? Nibble on traditional Peranakan delights at Lady Yi's Tea House or chow down on local specialties at Quan's Kitchen. For travelers who love to explore, we look forward to welcoming you. Be part of #TheRevivalChinatown.
